DES MOINES DRUG COMPANY, Wholesale Druggists, Des Moines, Iowa.

PREFACE

It is with considerable pride that we herewith present to our friends and patrons our second edition of our Illustrated Catalogue. In compiling this volume, special attention and careful consideration has been given the general arrangement in classifying goods under the departments in which they rightfully belong, all of which we deem advisable to facilitate easy reference.

Having constantly in mind the value of a price current, or catalogue to our retail friends, depends largely upon it representing merchandise carried in stock, so illustrated and described that the dealer can depend on the book in making up his orders, we have endeavored to feature this, our second edition, in such a manner that it will find a ready and general use by our many customers.

Our Facilities.

The building we occupy (88x160), five stories and basement, is commodious and thoroughly equipped with all necessary machinery, time-saving appliances and apparatus, giving us exceptionally good facilities for the economical handling of a large volume of business.

We employ none but the most thoroughly competent and reliable chemists and pharmacists in the more important positions, assuring the trade that the important matter of quality is vigorously watched and a high standard preserved. Special attention being given to the examining of crude drugs, testing alkaloidal strength, etc.

Our Laboratory is in charge of a Chemist and Pharmacist of experience and marked ability. All products going out of our laboratory under our (D. M. D. Co.) label carries with it our guarantee as to quality. We invite a close comparison of our products with those of any prominent manufacturer of the same class of goods.

Our shipping facilities are unsurpassed, having an outlet on seventeen different railways, nearly all lines having fast freight service out of Des Moines.

Promptness and Dispatch.

It is a matter of pride with us, and is incorporated and instilled into every department of our business to such an extent that every order reaching us before 3 o'clock P. M. is executed and shipped the same day as received, unless, as is occasionally the case, druggists request us to obtain for them some article outside of our line, which causes an unusual delay in procuring. In such cases, we act to the best interests of our customers, procuring from the best source of supply at lowest possible price.

Mail Orders.

We place at the command of our patrons a large and widely assorted stock of drug merchandise, carefully selected from all markets of the world, either by our own importation or purchased from first hands at rock bottom prices for cash, quality considered, which point we carefully guard. Orders mailed direct to the house have special attention, as to quick execution and completeness; and in reciprocation for our friends' preference in sending us their mail orders we endeavor to repay by extending very close prices.

Freezable Goods.

Elsewhere we submit a list of articles that are in danger of freezing when shipped during cold weather. We recommend that such goods be purchased in the fall of the year in sufficient quantities to cover requirements during the winter months. We cannot assume any responsibility for goods damaged by freezing—neither will manufacturers or transportation companies.

Returned Goods.

We cannot consent to the return of goods without first being advised. If an error in the execution of an order has been made, please advise immediately and we will promptly and willingly correct the same, or direct regarding the disposition of the goods, but in no instance return the goods unless we authorize to do so.

Containers.

When cans or containers of any description are furnished by customers to be used in filling orders, they should be carefully examined before shipping, and sent several days in advance; their sending should also be advised. Freight on such shipments should in all instances be prepaid, and your name and address plainly marked upon them; also the article with which they are to be filled. Such containers will, however, be used only at purchasers' risk of leakage and injury to contents.

Bad Order Notations.

The attention of our patrons is called to the necessity of obtaining from railway companies proper notations on freight bills as to actual condition of goods received in bad order. While our responsibility ceases when we deliver goods to transportation companies; and while we assume no liability for losses of, or damage to, goods after delivery to carrier in good order, we are, however, always anxious to secure for our customers compensation for any such loss or damage, and in order to substantiate claims, proper notation of condition of goods on arrival at destination are imperative.

Our Terms.

Are in strict accord with all first-class Drug Houses.

Drugs	30 days, net, or Less 1% discount for cash in ten days.	Paints	60 days, net, or 2% discount for cash in ten days.
Chemicals		Painters' Supplies	
Patent and Proprietary Articles		Paint Brushes	
Glassware		Window Glass	
Soda Supplies		White Lead	
Linseed Oil		Cigars	
Turpentine			
Wines and Liquors in bulk, 5 gallons and over		Four months, net; less 5% cash discount in ten days.	
Less than 5-gallon packages		Thirty days, net; less 1% discount cash in ten days.	
In bottles (except imported goods and champagnes).....		Sixty days, net; less 2% discount for cash in ten days.	
Imported goods and champagnes		Thirty days, net; less 1% discount cash in ten days.	
Sporting Goods		Sixty days, net; less 6% discount cash in ten days.	

Special Note.

Goods delivered to designated carrier, freight, express or mail are done so at the purchaser's risk. We deliver goods in "good order" to transportation company, taking a receipt for same, after which our responsibility ceases. Goods sent by mail should be registered or insured, which is only done when requested.

Your friends,

DES MOINES DRUG COMPANY.

PRICES SUBJECT TO FLUCTUATIONS OF THE MARKET.

Drugs, Chemicals, Oils

Powders, Herbs, Roots, Etc.

Prices named are for Ordinary Wholesale Quantities, and ruling at time of going to press.
Larger Quantities will often secure lower figures, while prices may be advanced
for small quantities, but in all cases subject to market changes.

All chemicals in one ounce packages and less are priced inclusive. Usual charge for con-
tainers on larger packages unless quoted "inclusive."

Cerium Oxalate. Each teaspoonful contains Cerium oxalate, 2 grs.

2-oz. bottles	doz.	1.60
4-oz. bottles	doz.	2.70
1-lb. bottles	bot.	.70

Crab Orchard Salts. Each teaspoonful represents one tumblerful of the natural water.

2-oz. bottles	doz.	1.60
4-oz. bottles	doz.	2.70
1-lb. bottles	bot.	.70

Headache Salts. A pleasant, effervescent preparation, containing Acetanilid, Caffeine citrate, Sodium cit., Sodium chloride, etc.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	bot.	.50

Kissingen. Each dessertspoonful represents one tumblerful of Kissingen water.

2-oz. bottles	doz.	1.60
4-oz. bottles	doz.	2.70
1-lb. bottles	bot.	.70

Lithium Citrate, U. S. P. Each dessertspoonful contains 5 grs. Lithium citrate.

2-oz. bottles	doz.	2.40
4-oz. bottles	doz.	4.00
1-lb. bottles	bot.	1.00

Lithia Laxative. Each dessertspoonful contains Potassium cit., 30 grs.; Sodium phosphate, 30 grs.; Lithium cit., 5 grs.

2-oz. bottles	doz.	2.40
4-oz. bottles	doz.	4.00
1-lb. bottles	bot.	1.00

Lithium and Potassium Carbonates Alkaline. Each dessertspoonful contains Caffeine cit'd., 1 gr.; Potassium bicarbonate, 10 grs.; Sodium bicarbonate, 10 grs.; Lithium carbonate, 5 grs.

2-oz. bottles	doz.	2.40
4-oz. bottles	doz.	4.00
1-lb. bottles	bot.	1.00

ELI LILLY & CO. SPECIALTIES.

EFFERVESCENT SALTS—

Magnesium Citrate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Magnesium sulphate, U. S. P. Each dram contains 30 grs. of pure Magnesium sulphate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Potassium bicarbonate. Each dram contains 4 grs. Potassium bicarbonate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Potassium citrate. Each dessertspoonful contains 10 grains Potassium citrate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Salicylates compound. Each dessertspoonful contains Ammonium salicylate, 5 grs.; Strontium salicylate, 5 grs.; Lithium bitartrate, 2 grs.

2-oz. bottles	doz.	1.60
4-oz. bottles	doz.	2.70
1-lb. bottles	bot.	.70

Seidlitz mixture. Each tablespoonful equals 1 Seidlitz powder.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Sodium phosphate. Each dessertspoonful contains 30 grs. of Sodium phosphate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Sodium sulphate. Each dessertspoonful contains 60 grs. Sodium sulphate.

2-oz. bottles	doz.	1.50
4-oz. bottles	doz.	2.40
1-lb. bottles	lb.	.60

Strontium salicylate compound. Each dessertspoonful contains Strontium salicylate, 5 grs.; Ammonium salicylate, 5 grs.; Lithium bitartrate, 2 grs.; Effervescing base, alkaline, q.s.

2-oz. bottles	doz.	1.60
4-oz. bottles	doz.	2.70
1-lb. bottles	bot.	.70

Vichy. Used in connection with granular effervescent Kissingen salts in the treatment of obesity. Each teaspoonful represents one tumblerful of Vichy water.

2-oz. bottles	loz.	1.60
4-oz. bottles	doz.	2.70

IRON AND MANGANESE PREPARATIONS.

Solution Iron and Manganese (aromatic).

Pint bottlesdoz. 6.00

5-pint bottlesbot. 2.20

Contains 0.6% Iron and 0.1% Manganese.

Solution Iron Peptonate and Manganese.

Pint bottlesdoz. 6.75

5-pint bottlesbot. 2.35

Contains 0.6% Iron and 0.1% Manganese.

Chocolate-coated Tablet Iron Peptonate and Manganese (No. 270).

Bottles of 100bot. .27

Bottles of 500bot. 1.24

Each tablet contains: Iron peptonate, 2 grs.; Manganese dioxide, 1 gr.

Solution Iron Peptonate and Manganese with Arsenic—Pint bottlesdoz.

5-pint bottlesbot. 6.75
2.35

Each fluid dram contains Arsenic peptonate, 1-50 gr.

Chocolate-coated Tablet Iron Peptonate and Manganese with Arsenic (No. 271).

Bottles of 100bot. .29

Bottles of 500bot. 1.32

Each tablet contains: Iron peptonate, 2 grs.; Manganese dioxide, 1 gr.; Arsenic peptonate, 1-50 gr.

Solution Iron Peptonate and Manganese with Cascara Sagrada—Pint bottles.....doz.

5-pint bottlesbot. 8.50
3.05

Each fluid dram contains fl ext. Cascara sagrada, 5 m.

Solution Iron Peptonate and Manganese with Cinchona and Strychnine.

Pint bottlesdoz. 8.50

5-pint bottlesbot. 3.05

PARK DAVIS & CO. SPECIALTIES.

IRON AND MANGANESE PREPARATIONS—

Represents .06% Iron and 0.1% Manganese, with 5 grs. Cinchona and 1-200 gr. Strychnine sulphate in each fluid dram.

JAMBUL SEED, POWDERED—Ounce bottles.....oz. .30

JEQUIRITY SEED, POWDERED—oz. bottles.....oz. .20

KISSINGEN TABLETS, EFFERVESCENT.

The American Army and Navy Suspensory is the standard of all suspensories of this kind.

It is made in exactly the same style as the Seamless Sack Safety Suspensory, with the exception that it has no self-adjusting bands, buckles being used instead of sliding loops.

Freezable Goods.

In asking your attention to the following partial list of Freezable Goods, we would suggest that you anticipate your wants for the winter months by placing your orders for all such goods at once.

To prevent any misunderstanding, causing dissatisfaction on the part of patrons as in former years, we desire to thoroughly impress on you that when any of these Freezable Goods are ordered during the winter they will be invariably shipped at purchaser's risk. Some of our friends in winter months write us, "Don't ship if the weather is too cold." We exercise proper judgment in this matter, but often at time of shipment from here weather may be temperate, but in twenty-four hours a fall of twenty to thirty degrees is not unusual, and goods may be caught and frozen. While using all ordinary precautions, we cannot be held accountable for unforeseen climatic changes.

Respectfully,

DES MOINES DRUG COMPANY.

Soda Fountain Supplies.

CORK PULLERS—Cont'd.

No. 28.

No. 28. Sampson. Nickel plated, a complete and simple machine for pulling corks. Gives perfect satisfaction. Takes up but little space. Fastens with screws or clamp.....each

1.50

No. 7.

No. 7. Yankee Cork Puller. Will quickly and safely draw the cork from any bottle and as readily re-cork the bottle after part of contents is used, a feature highly appreciated by all users. Cut shows machine in its normal or starting position. Note that handle is down out of the way, and not back over the counter occupying valuable room, also machine occupies only one-half the space above the counter heretofore required. The rubber-lined bottle holding clamps move together automatically, so that all sized bottles are centered and held directly beneath the cork-screw, thus preventing breaking of bottle or cork-screw. The internal mechanism is massive and strong and by far the simplest known (two screws only are used in its construction). A new corkscrew can be put into this machine by anyone—(remember no kit of tools is needed)..each

Turpentine.

We are large distributors of turpentine, having unusual facilities, owning our own tank equipment of 10,000 gallons capacity. We are the only firm in the Northwest who buys and ships Turpentine in Tank Cars.

Our Cooperage is non-leakable.

Heath & Milligan Mfg Co's **Paint and Paint Specialties.**

We are State Agents for this popular line of paints, carrying a large and complete stock at all times.

BEST PREPARED PAINT

THE STANDARD PAINT OF AMERICA.

For Exterior and Interior Use.

It is the best paint that can possibly be made, no matter what the price charged. It is made in the best factory and finely ground by the best paint machinery in the United States. It will spread two coats over 300 square feet of smooth or fair surface and will not chalk, peel or scale if used properly on a surface in condition to receive paint.

Best Prepared Paint will cover 25% more surface than strictly pure white lead and linseed oil, if used under the same conditions, gallon for gallon or pound for pound, and will impart a much finer and more beautiful finish and surpass it in durability at least fifty per cent.

Best Prepared Paint is made in sixty shades, besides Inside and Outside White and Black. It is put up in handsome orange chrome lacquered cans, in gallons, half-gallons and quarts; also in bulk, barrels, half-barrels and five-gallon buckets.

WE SHOW OPPOSITE ONLY A PARTIAL LIST OF COLORS, REPRESENTING THE MORE PROMINENT AND READY SELLING SHADES.

A detailed illustration of a perfume bottle. The bottle has a rectangular body with a slightly tapered neck. The stopper is ornate, featuring a crown-like top and a small, dark, rectangular label or seal on the neck. The bottle is shown in a three-quarter view, highlighting its metallic or glass texture.

Shop Furniture Sets.

Packed ready for shipment.

We can supply the following sets of Shop Furniture (Fay & Schueler's), Congress Square Recess and Columbian Recess, labeled complete, with two of the neatest labels designed by us (style of labels, No. 51 Immaculate and No. 84 of our Catalogue), which we ship the day we receive the order. This will save waiting ten days or two weeks. 145 bottles in all, at a total cost of \$38.50; 216 Bottle Set \$54.50; Congress Square Set, 216 pieces, \$58.50, 145 pieces, net \$42.50; including packing.

THE ADVANTAGES OF THE RECESS BOTTLE OVER THE OLD STYLE ROUND.—The label is set in so that it is flush with the bottle, which prevents breaking and chipping of labels, so common when the label is set on the outside of bottle.

A strictly first-class Case.

NO. 1C—SQUARE FRONT OAK CASE. 13 inches high, 26 inches wide on base.

No. 10.

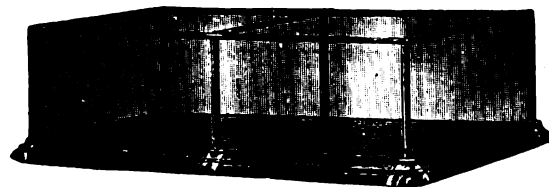

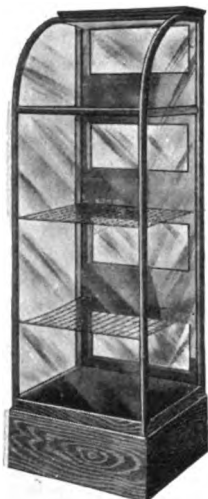

No. 4.

NO. 4—OVAL FRONT OAK CASE.

13 inches high, 16 inches wide on base.

NO. 501—OVAL FRONT SPONGE AND CHAMOIS CASE.

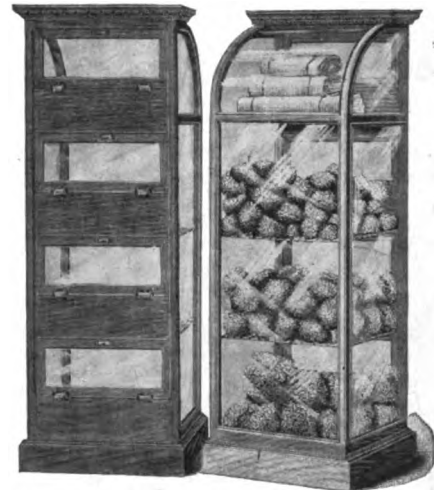

NO. 12—OUR EXTRA HIGH, WITH METAL CORNERS.

Same description as No. 12 1/2 Case. Highly Polished Corners, an all glass joints.

NO. 501 1/2—OVAL FRONT SPONGE CASE.

Sixty inches high; 20-inch front; 18 inch sides. Has two wood and two wire shelves; four self-cleaning doors. Case set on casters. Best DSA glass. Case has round moulding.

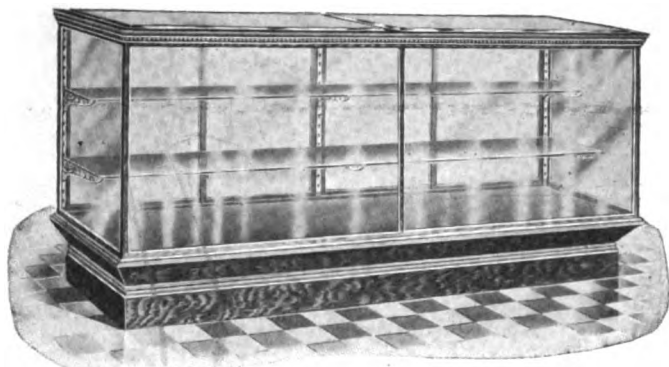

Rear View.

Front View.

Sixty inches high; 22-inch front; 20-inch side. Has two wire and two wood shelves; four self-closing doors. Set on casters. All best DSA glass. Oak only in stock. Birch or cherry finish made to order.

Floor Cases.

THE CELEBRATED QUINCY SPECIAL FLOOR CASES. FURNISHED IN SELECTED QUARTER SAWED OAK AT PLAIN OAK PRICES.

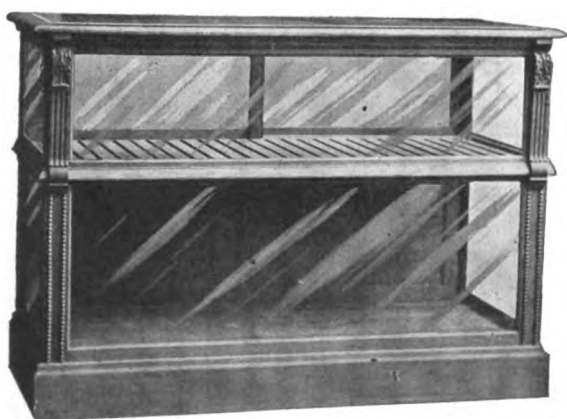

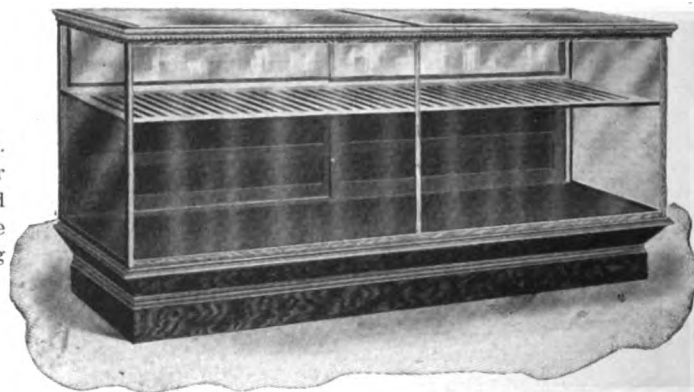

QUINCY SPECIAL FLOOR CASE.

Standard measurements 42 inches high, 26 inches wide. Front and ends of case fitted with selected DSA glass. Doors are glazed with selected DSA glass and are fitted with ball-bearing rollers, sliding on metal track. Inside of case finished with 2 polished wood shelves, 10 and 14 inches wide, or ribbed glass shelves resting on adjustable nickel-plated kel-hole brackets. Made knock down or set up.

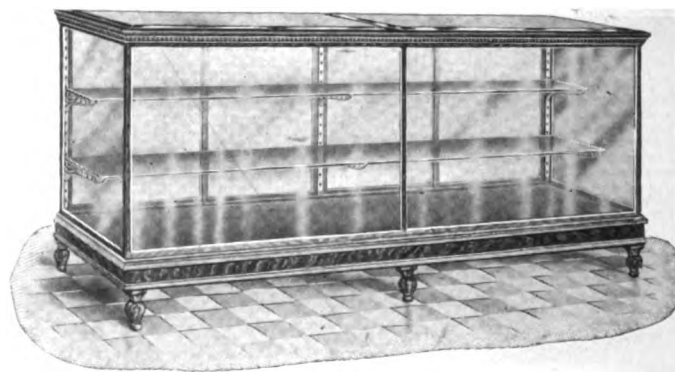

QUINCY SPECIAL CIGAR CASE.

Dimensions same as regular Quincy Special Floor case. Rear of case fitted with 2 sets of sliding doors. Upper doors mirror lined and lower doors paneled, and fitted with ball bearing rollers, rolling on steel track. Inside of case has lath center rack and patented moistening trays. Same price as regular floor case.

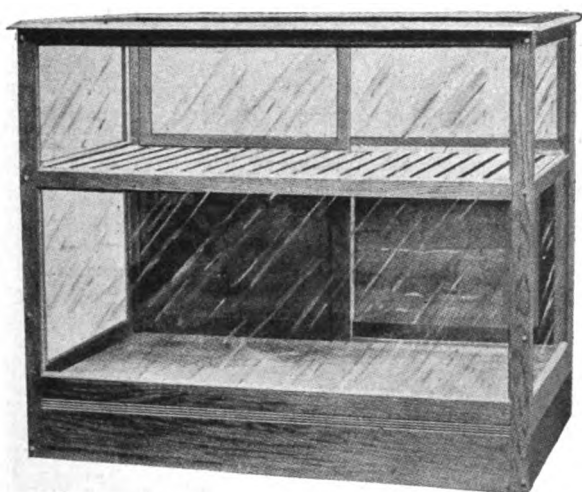

NO. 135—OUR SPECIAL.

Made 42 inches high, 28 inches wide, Calver bracket front. Sliding panel doors. The upper doors are mirror lined. Lath center and moistening trays. Top glass laid flush with top frame, resting on green felt.

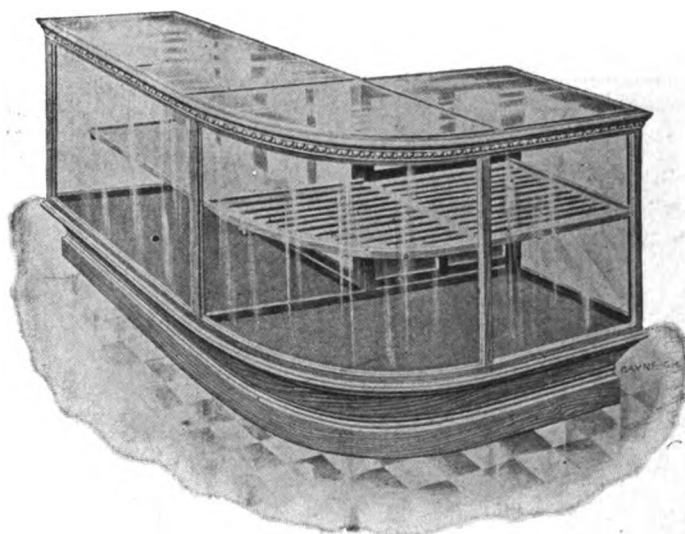

QUINCY SPECIAL NO. 2.

Resting on 6-inch oxidized copper metal legs. Dimensions and price of case same as regular.

Floor Cases.**VICTORY K. D. CASE.**

Medium antique oak finish. 42 inches high, 27 inches wide base, sliding mirror doors in upper rear; wood finished sliding doors lower. Slat rack with moistening tray, made knock down, saving freight, and is so constructed as to be set up by any one on shortest notice.

**NO. 129—ROUND CORNER ANGLE CASE.**

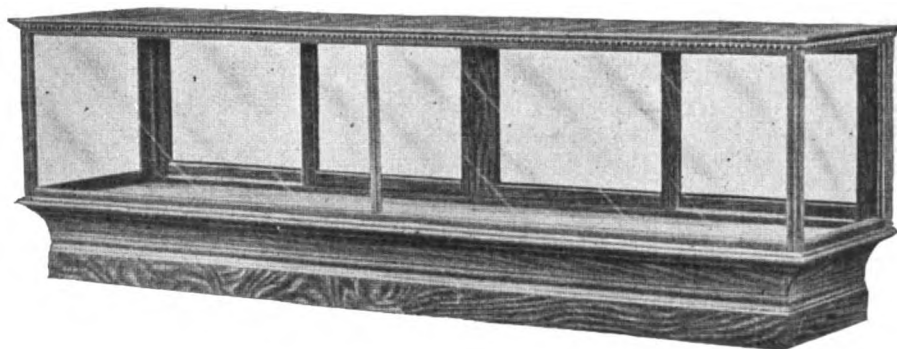

Made 42 inches high, 26 inches wide. Clear glass sliding doors. Price an application. When writing give floor plan of length and return end; also if for right or left side of room. Case has lath shelf and moistening trays. Mirror doors to slide on steel track in upper Case, panel doors below. Made to match Quincy Special.

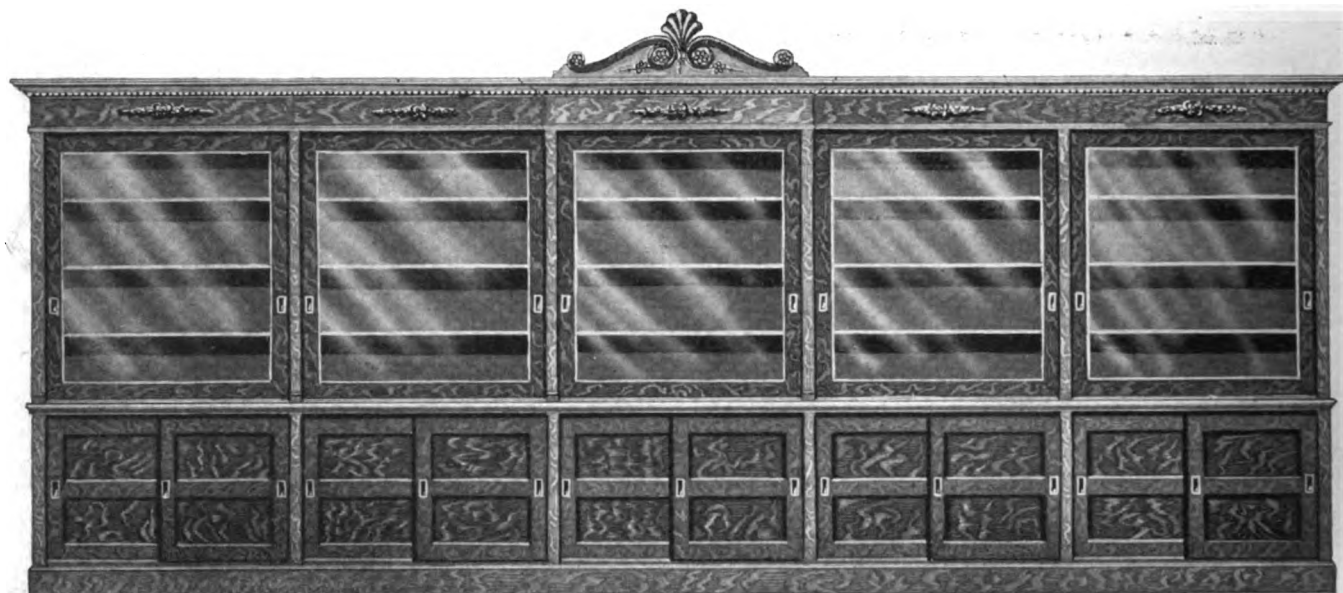

**NO. 810.—WRAPPING COUNTER.**

32 inches high, 28 inches wide. Solid top, panel front and ends. Rear has base and one shelf. Made any length.

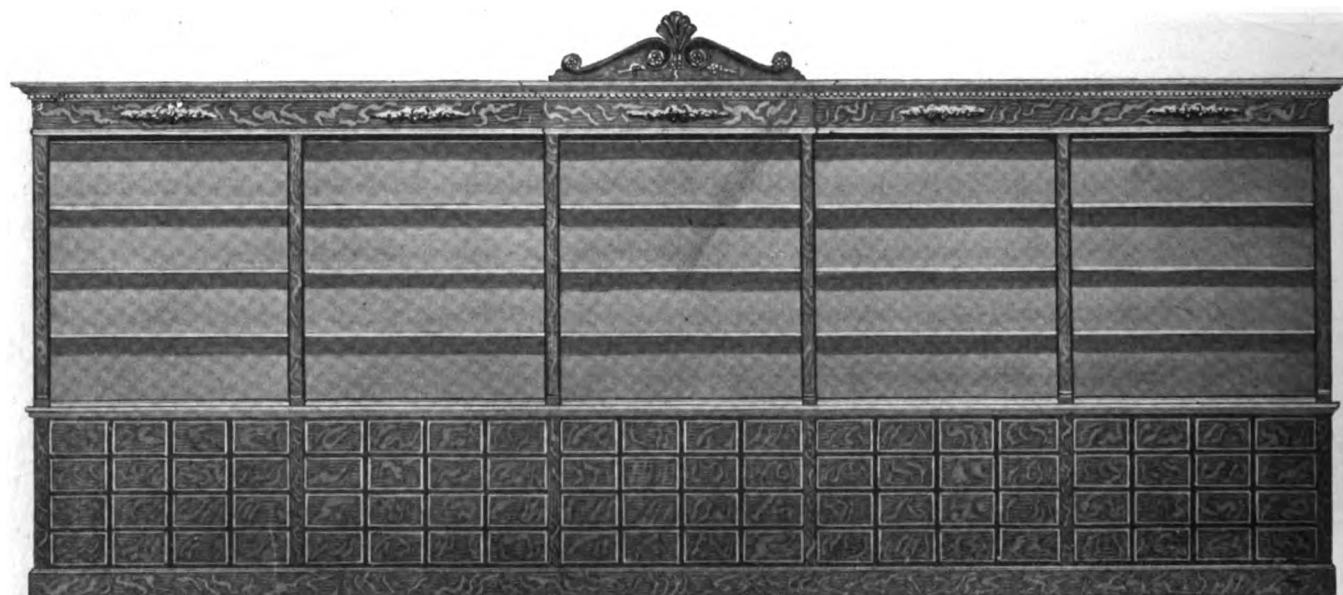

NO. 29—WRAPPING COUNTER

Made to match the Quincy Special Floor Case. 32 inches high, 26 inches wide. Solid top, DSA front and ends. DSA glass sliding doors on ball bearing rollers and steel track. Inside fitted with one wood shelf 14 inches wide on adjustable brackets.

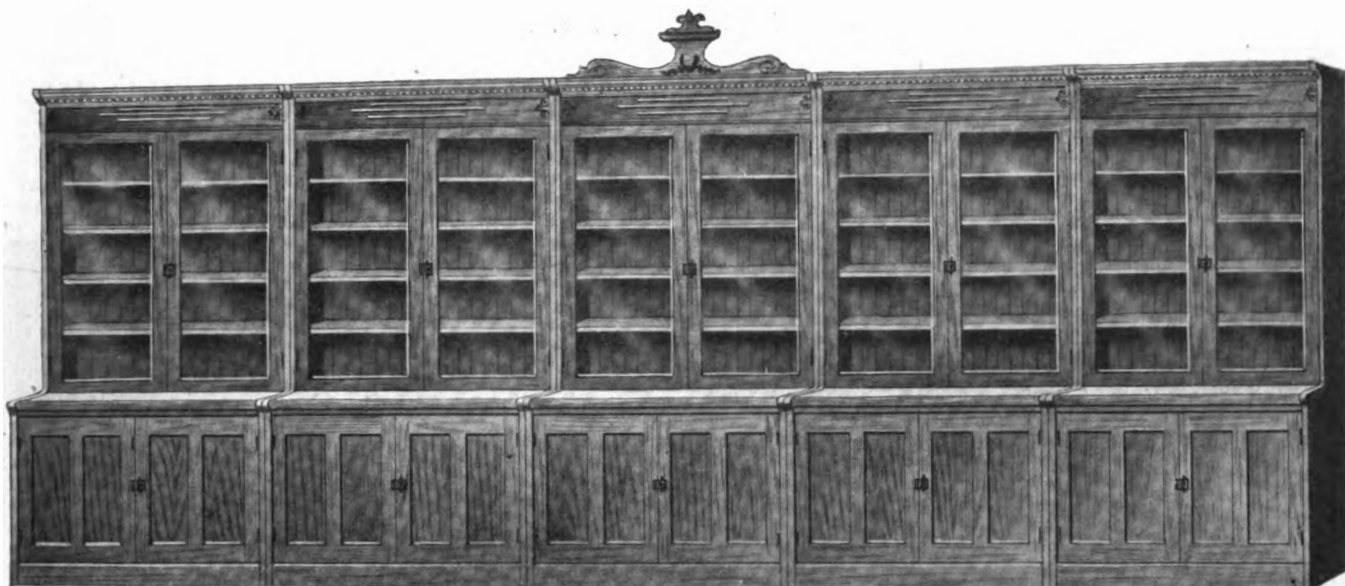

Shelving.**THE GREAT NORTHERN PATENT MEDICINE SHELVING.**

Base is 36 inches high, and 16 inches deep. Two panel sliding doors to each section on ball bearing rollers. Back of doors one shelf. Top part is 52 inches high and 8 inches deep inside, and is fitted with 4 adjustable wood shelves, resting on brass shelf supports. One DSA glass sliding door to each section fitted with ball bearing rollers and rolling on steel tracks. Matched and beaded back. Total height 8 feet.

**THE GREAT NORTHERN TINCTURE SHELVING.**

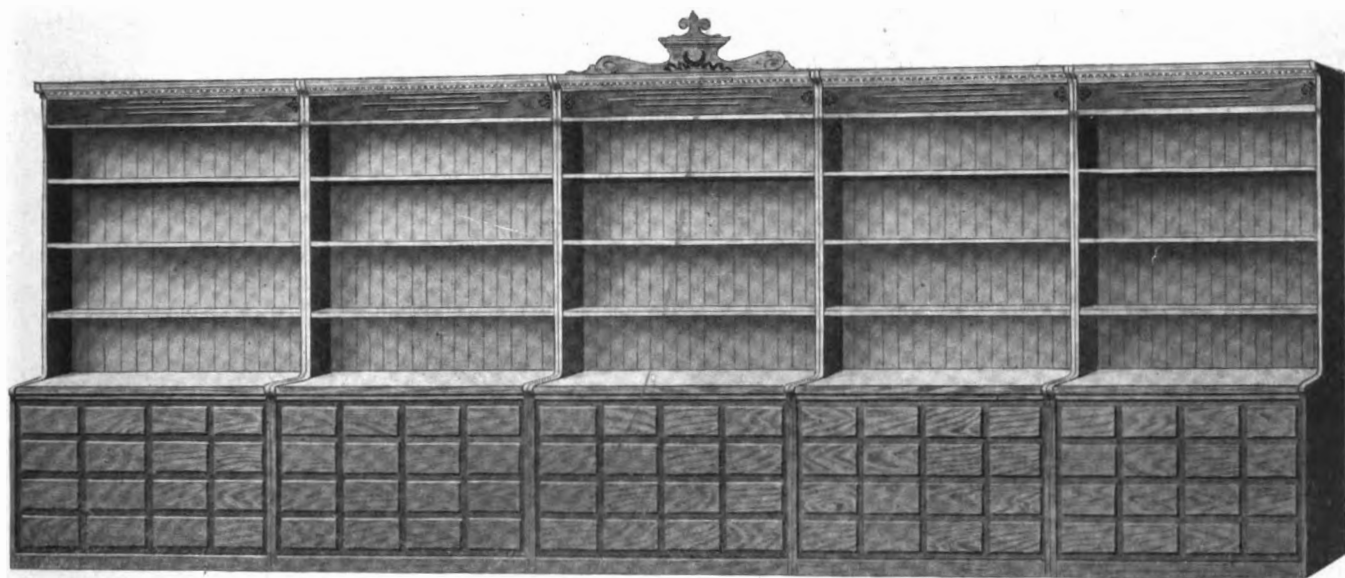

Base is 36 inches high, and 16 inches deep and contains 16 drug drawers. These drawers are dovetailed, grooved and glued and slide on solid divisions. The top part is 52 inches high and 8 inches deep inside and is fitted with 3 adjustable wood shelves, resting on brass shelf supports, matched and beaded back. Total height, 8 feet.

Shelving.

Cut Represents Five 4-Foot Sections.

THE SOUTHWESTERN SECTIONAL PATENT MEDICINE SHELIVING.

Base part 36 inches high, 15 inches deep; is fitted with 2 panel hinge doors. Back of these doors there is to be 1 shelf. Top cabinet is 4 feet 4 inches high, 8 inches deep inside, fitted with DSA glass hinge doors. Back of these doors 4 adjustable wood shelves, matched and beaded back. Total height of shelving 8 feet. Ornament over center section. Each section has finished ends and can be set separately in any part of the room.

Cut Represents Five 4-Foot Sections.

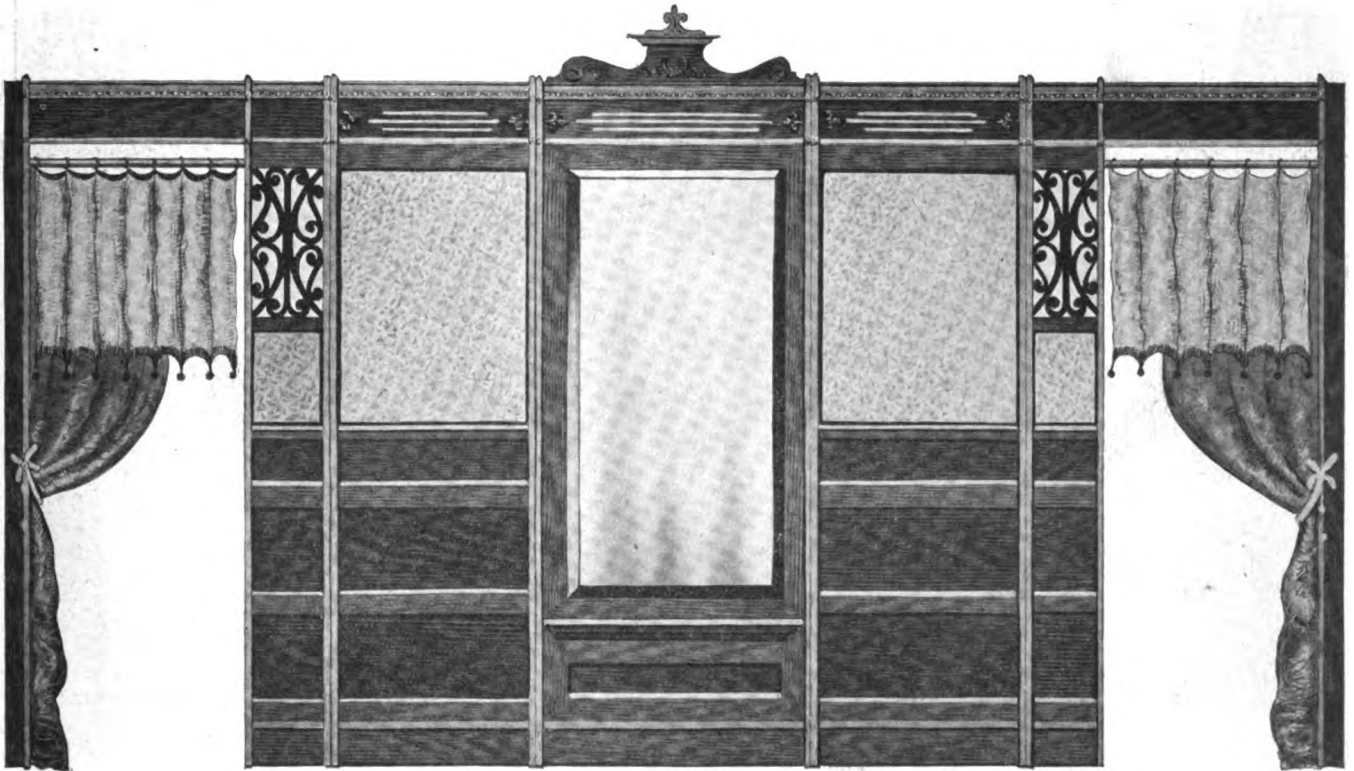

THE SOUTHWESTERN SECTIONAL TINCTURE SHELIVING.

Base part 36 inches high, 16 inches deep and contains 16 drug drawers. These drawers are dovetailed, grooved and glued and slide on solid divisions. Each drawer is fitted with drug drawer pulls. The upper part is 4 feet 4 inches high, 7 inches deep inside and is fitted with 3 adjustable wood shelves, matched and beaded back. Total height 8 feet. Ornament over center section. Each section has finished ends and can be set separately in any part of the room.

Prescription Case Fronts.**THE GREAT NORTHERN PRESCRIPTION CASE FRONT AND CORNICE CONNECTIONS.**

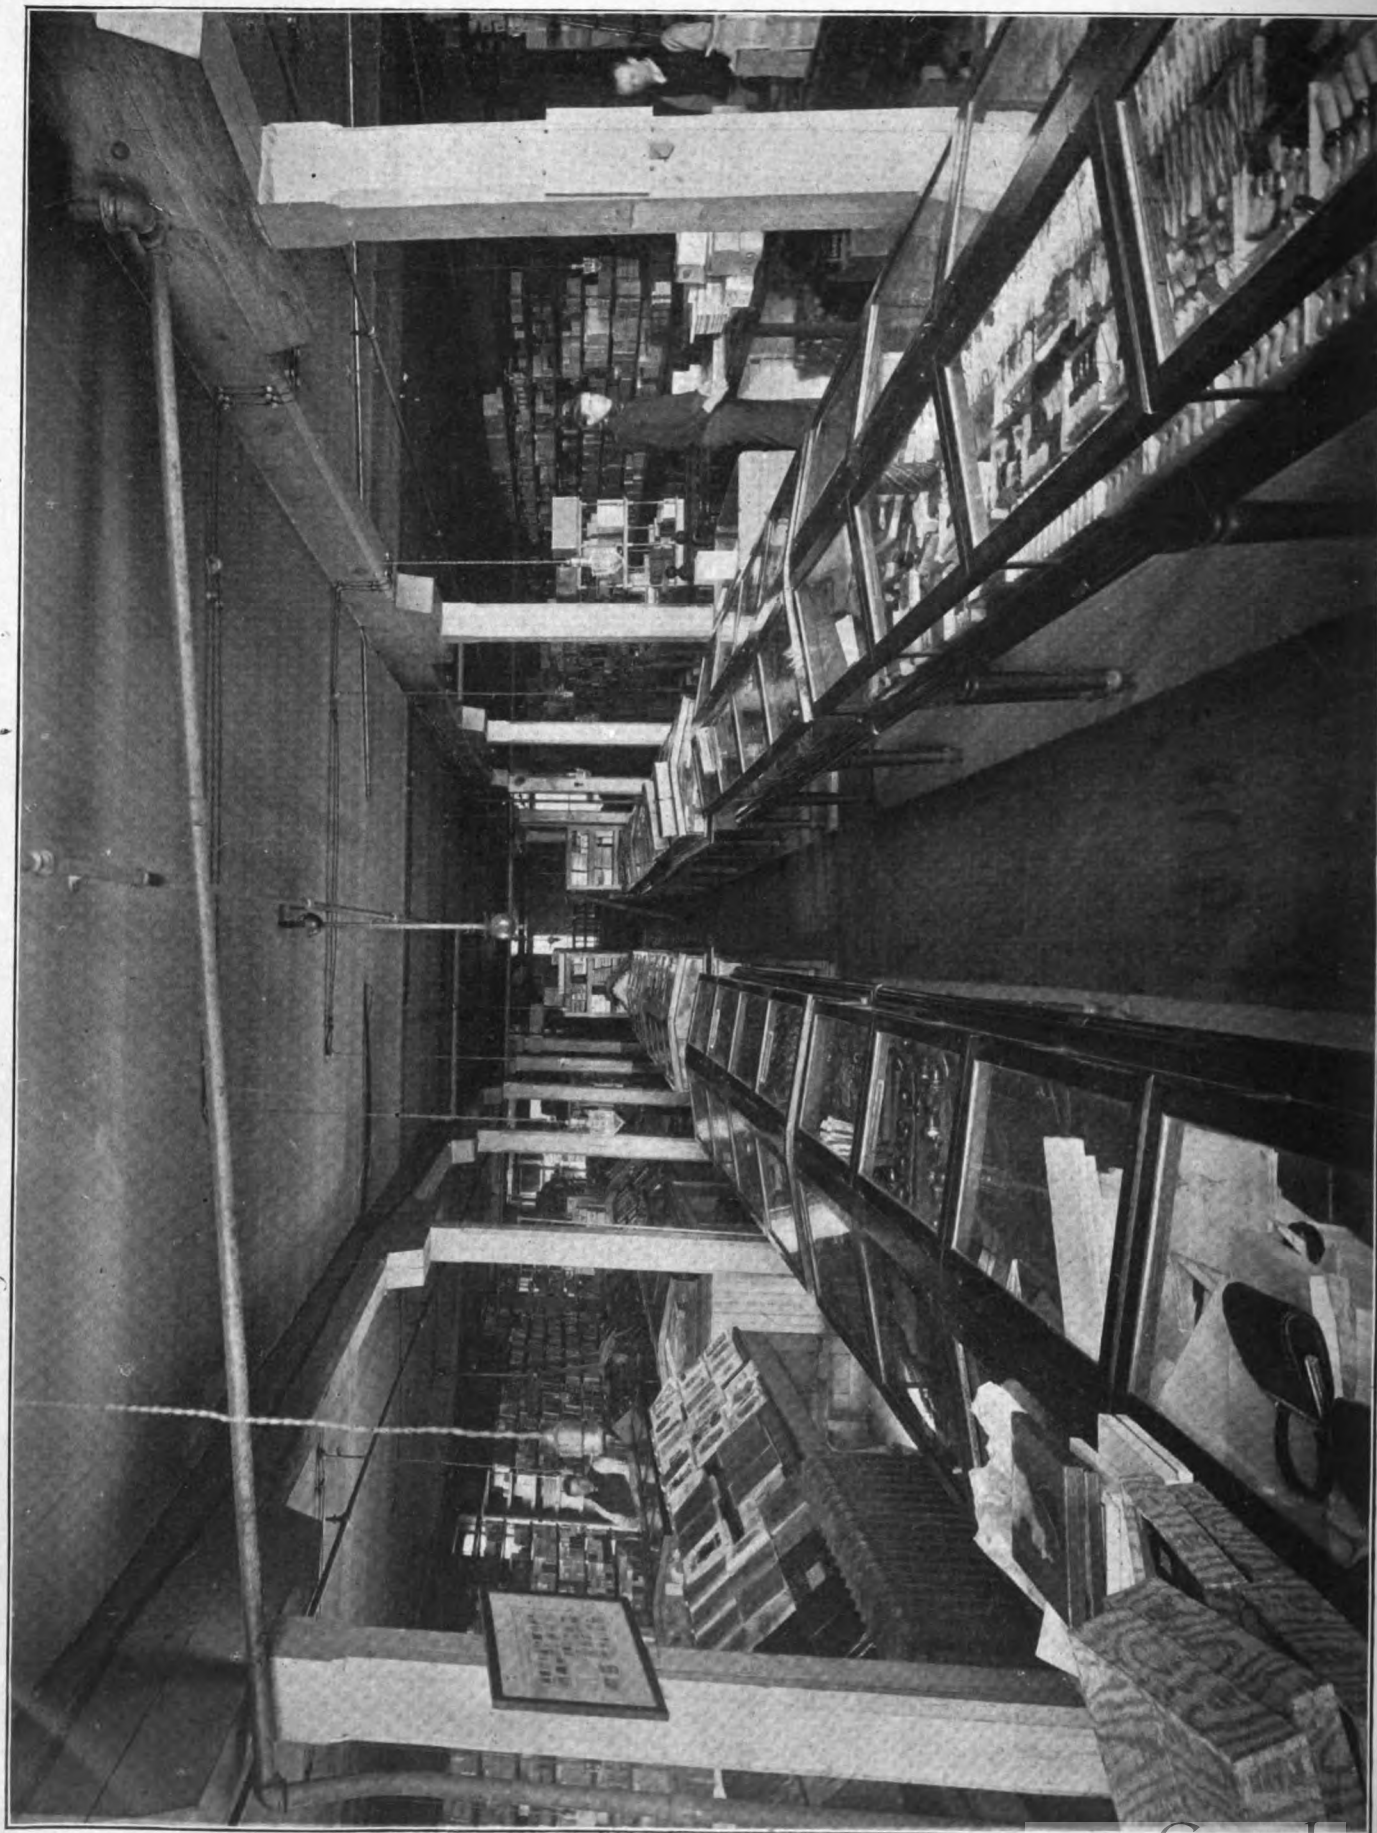

The above cut represents a Prescription Case Front 8 feet long. Can be made in any length to order. Center is fitted with a 30x60 inch French Bevel Plate Glass Mirror. Bevel plate Chipped Glass on either side with clear bevel edges. Selected Quarter Sawed Oak Panels and face plates. Total height 8 feet. The clear bevel edge on side plates makes excellent peep holes for Prescription Clerk.

Always give length of front wanted and width of room, also if with or without cornice connections.

Prescription Case Fronts.**THE SOUTHWESTERN SECTIONAL PRESCRIPTION CASE FRONT, PARTITION AND CORNICE CONNECTIONS.**

The above cut represents a 10-foot Prescription Case Front. Size of center mirror 30x60 inches. French Plate with 1½-inch beveled edge. On each side of center mirror is 30-inch extension fitted with DSA chipped glass or extra heavy Florentine glass, making an 8-foot Prescription Front. By adding on each of the 12-inch extensions makes the 10-foot front, etc. Total height of front 8 feet.

Always give length of front wanted and width of room, also if with or without cornice connections. Curtain poles and curtains not included in price.

**Syracuse.****Syracuse Suspensory.**

With celluloid self-adjusting sliding loop at back of pouch. The pouch is supported by a waist band, and also by a leg band; the latter passes around the back of the legs and through the sliding loop at the back of the pouch. The sliding loop plays freely on the leg band, thereby allowing the pouch to adjust itself as the movements of the body or clothing may require, consequently the suspensory fits perfectly and gives best possible support, no matter what position the body may assume. The loop is protected by a cloth shield which prevents any pinching on account of the play of the leg band through the loop.

Each in box. Large, medium and small.

BATTERIES.**McIntosh Batteries.****Marquette.****BATTERIES—Cont'd.**

The Marquette Dry Cell Family Battery. We use in the beautiful little battery the Mesco Dry Cell. We carry the cell vertically, thus prolonging the life of the cell. It is so simply that it may be placed in operation by the turning of a single switch, and in order to insure against leaving the cell short circuited when the battery is not in use, the plate is so arranged that the lid of the box cannot be closed until the switch is turned "off." Polished Mahogany case, size 8x5½ inches. It will supply the primary, secondary and combined currents, all of which are susceptible of being graduated from a mild to a current of high tension.

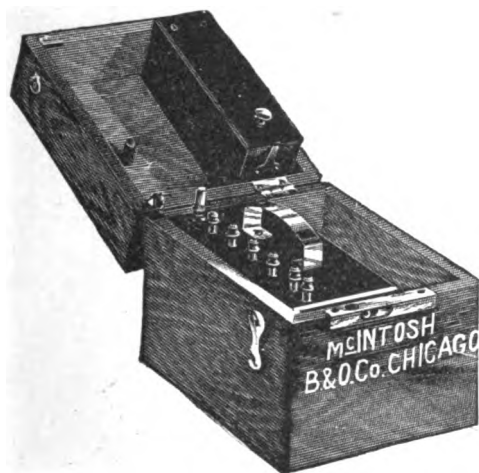

Price, Neteach 7.50

**Family Faradic Battery.**

Family Faradic. The following accessories are contained in the case:

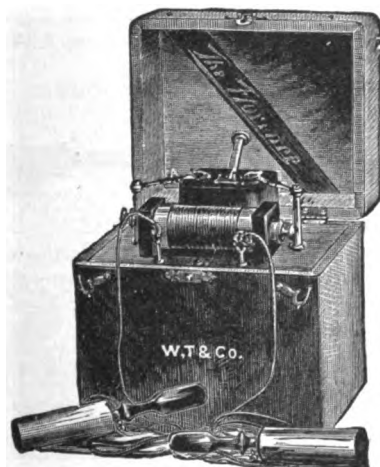

Pair of metal handles, foot plate, pair of sponge disc electrodes, pair of cords, pair of insulating handles for use with sponge or any of our electrodes. When the cell is exhausted forward us 40 cents and we will forward new cell. Priceeach 7.50

It is made on the same principle as our higher-priced Faradic batteries and is portable. It is not intended to take the place of the Physicians' battery, but for domestic use. It is put up in a neat, black walnut case, 6½ inches long, 6 inches high and 5 inches wide, with patent clasp fastening and handle, and furnished with electrodes and conducting cords; all the metal work is finely nickel plated. A small book of directions accompanies this battery.

Druggists' Sundry Department.**BATTERIES—Cont'd.****McIntosh Batteries—Cont'd.****Six-Cell Galvanic Battery.**

Six Cell Galvanic. In a polished black walnut case, 7 inches long, 8¼ inches wide, 7¼ inches high, metal work all nickel plated, sponge electrodes, conducting cords and hard rubber electrode box. This is very convenient for such light electrolytic work as the removal of hair, etc., but is too small for general practice.

Priceeach 12.00

THE ASEPTIC OBSTETRICAL BAG.

No. 950.

No. 950. Square, Cabinet Bag Style, 5¼ inches wide, 6 inches high. Opens on top, no gussets, hence no waste of space when closed. Made of best grade of Bag Leather, leather covered steel frame with full nickel trimmings, and lined with smooth leather, which allows the inside to be cleaned with a moist sponge whenever necessary, making the bag as near aseptic as an article of this kind can be made. It is the strongest, neatest, most cleanly and cheapest Obstetrical Bag of its kind on the market. It will outwear three of the ordinary bags.

Prices with one and one-half ounce G. S. Bottles.

CASE VIALS.**CASE VIALS—Cont'd.****Glass Stopper and Metal Cap Safety Bottles.**

Can be used in any of our cases. A safe container for Carbolic Acid, Tincture Iron, Iodine, Ergot, Chloroform, and similar fluids. It is made of the best heavy flint glass, with an emery ground glass stopper fitted accurately to the opening, and the same is absolutely kept in place with a metal cap, which firmly screws over the stopper and around the neck of the bottle, thus preventing any possible chance of the stopper becoming loose, and reducing the liability of leakage, if any, to virtually nothing, as this is not an ordinary sand ground stopper, but one especially ground with emery, making the same fit very snug in the neck of the bottle. The merits of this device are easily appreciated, as nearly every doctor has had trouble and inconvenience by not having a reliable container for such and similar fluids as named above. Capacity. Diameter of Body. Length over all. Price doz.

DAVOL RUBBER CO.

Improved Surgical Cushion, large outlet, has covered tube or channel for conducting the fluid into the vessel. This tube or channel is furnished with a stout spring at the mouth of the cushion proper, which insures its being always open so as to allow an unobstructed flow, and at the lower end a hook is securely fastened, which can be snapped over the spring at the mouth of the cushion by folding the tube or channel back. In this way a pocket is formed which is found very convenient in many cases. The tube or channel thus folded also admits of a cleanly way of removing the cushion at the close of an operation.

FACE MASKS, STANDARD RUBBER—Cont'd.

Overshadow the expensive cosmetics, and are especially adapted to all purposes where high-priced powders, lotions and other available agencies are inadequate. Tans, liver-spots, sallowness, freckles, redness and discolorations of every kind are acted upon as if by magic. The healing properties of rubber are well known. Will cure chaps in one night and positively remove all black-heads. Made of the finest Old Para Rubber, scientifically treated, smooth, light, durable, and affords the most economical, convenient and effective mode of restoring the skin to its natural state of health and purity, giving the complexion its original youthful beauty and freshness. Can be worn at night without the knowledge of one's most intimate friends. Neatly labeled and packed, with directions. Priceeach 1.50

THE STERLING GRADUATE.

A glass Graduate accurately engraved, screwing into a base of hard rubber, unbreakable and highly polished. This base can be taken from one Graduate and placed on another. Even should you be able to break as many Sterling as others you will save over 20 per cent in the cost of your Graduates. Seven out of ten Graduates first break at the base. This base will never break; if the glass part does, fit a new top in the old base and you have a new Graduate.

MAPS, VEST POCKET.

These maps are the same as those used in the regular pocket editions, but have not the book showing population, location of towns, county seats, postoffices, etc., as this information is printed on the back of the map. They are folded to vest pocket size and placed in a folding cover. Numerals in red on the face of the map refer to a marginal index, which shows at a glance what railroads and express companies operate to the point so numbered.

PERFUMES, HANDKERCHIEF.

American and Foreign. New and Popular Odors.

We carry in stock all the following listed perfumes. All new and popular odors will be constantly added to our stock as fast as they are placed on the market.

Any desired perfume not listed we will readily procure for our customers at market price.

These are all "natural" perfumes, and are not artificially or chemically produced. They are extracted direct from the flowers and other natural products whose names they bear. Their odors have all the natural fresh sweetness of the flowers, and cannot be surpassed either in delicacy or strength.

SURGICAL ELASTIC GOODS.

Goods made to order at the risk of the purchaser. Blank measuring slips furnished on application. Always give measurement of afflicted limb, not of the well limb.

Care should be taken in putting on elastic goods; avoid all unnecessary straining. Turn the stocking partly inside out, then pull on. The stocking will slip on easily if the limb is perfectly dry.

Druggists' Sundry Department.**SURGICAL ELASTIC GOODS—Cont'd.****How to Clean Elastic Goods.**

Place the article in lukewarm suds, made of good, clean soap, for a few moments, then thoroughly cleanse outside and inside with a sponge, soft brush, or rubbing with the hands. Thoroughly rinse in warm water, removing every particle of soapsuds. Place a dry towel on both sides, and partly dry by pressing or squeezing (do not wring or twist), then hang in a moderately warm room until dry. All direct heat, either from water, the sun, or any heating apparatus, must be avoided. Smooth with a cold iron.

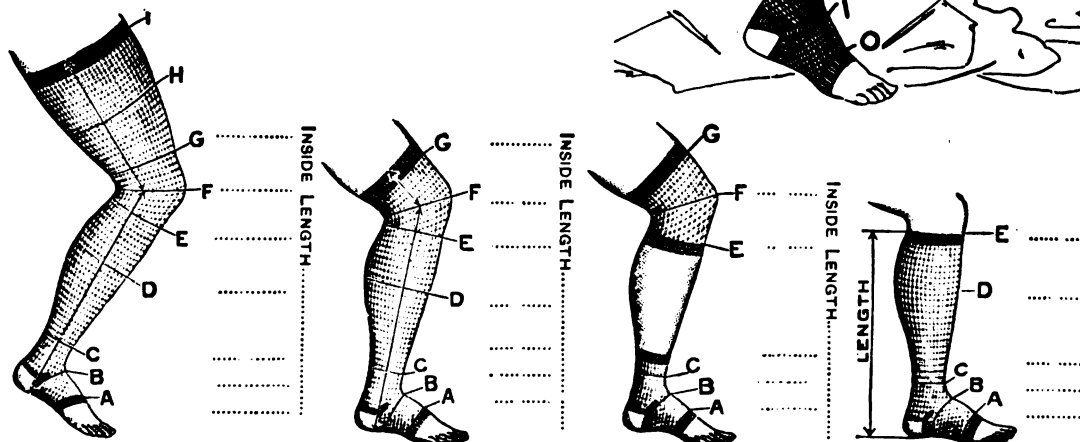

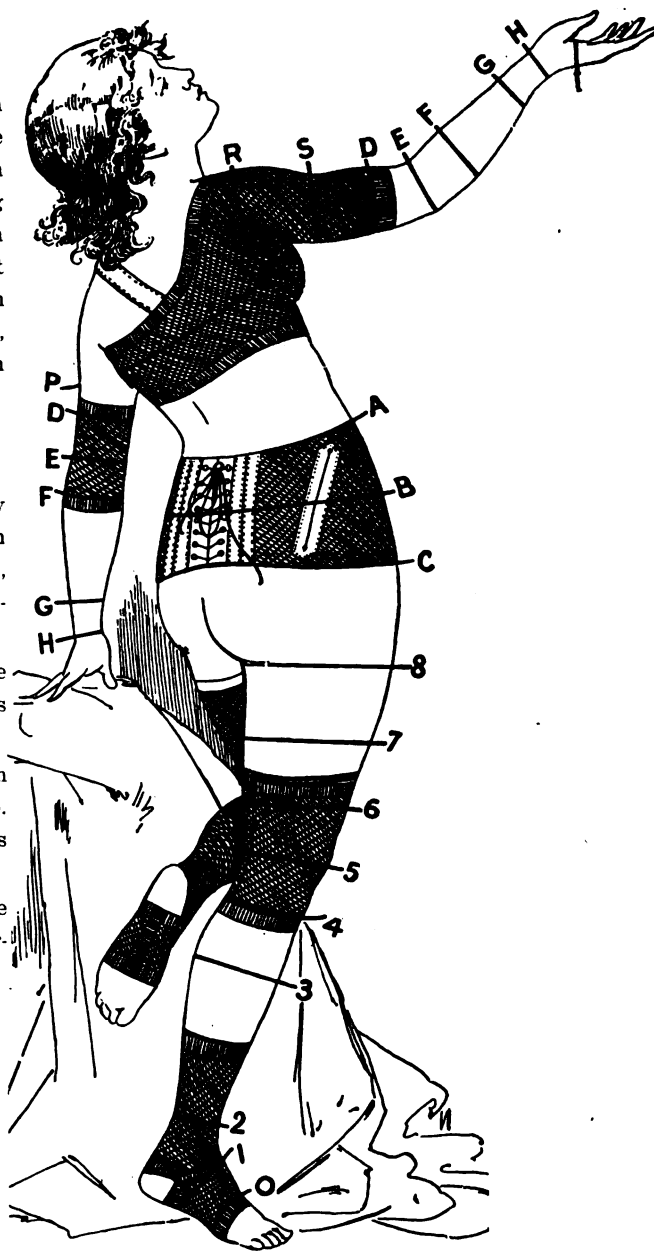

Directions for Measurement.

Measurements taken in the morning are more likely to be correct than when made after the limb has swollen later in the day. Take the exact circumference in inches, at points indicated by figures. We allow for compression.

In stockings to go above the knee, measure from the bottom of the boot to No. 5, and from No. 5 to as high as it is wanted to go.

These measurements for length should be taken when standing erect and should be made on the inside of limb. Always give lengths as directed. For extra large sizes an additional charge will be made.

Heavy silk goods sent on all orders, unless otherwise specified. Can also be supplied in extra stout silk, mercerized cotton and plain cotton.

Druggists' Sundry Department.**SURGICAL ELASTIC GOODS—Cont'd.**

Nothing will heal up a sore leg like an elastic stocking. Special instructions about elastic goods: Avoid the use of ointments, liniment, salve or grease in any form where it will come in contact with elastic goods, for it will kill the rubber in same, and they soon become worthless.

Directions for Taking Measurements.

Less 50 per cent discount.

Thigh Hose , give circumference at 0, 1, 2, 3, 4, 5, 6, 7, 8. Length from floor to 5, and from 5 to 8.each	9.00

THERMOMETERS—CLINICAL.

Clinical thermometers are exceedingly fragile, therefore easily broken. We pack them with all the care and skill that our long experience has taught us, notwithstanding which breakages sometimes occur in transit. These losses are in greatest proportion when the thermometers are ordered sent by mail. We do not regard this as a safe method of transportation, but in any event we cannot hold ourselves responsible for breakage in transit.

TRUSSES.

Special Directions for Ordering. Please read carefully, as you may save yourself delay and consequent annoyance.

When sending an order for a special truss, give measure around the body on a line with the rupture; state whether single or double and for right or left side.

Druggists' Sundry Department.**TRUSSES—Cont'd.****New York Elastic.****Reversible.**

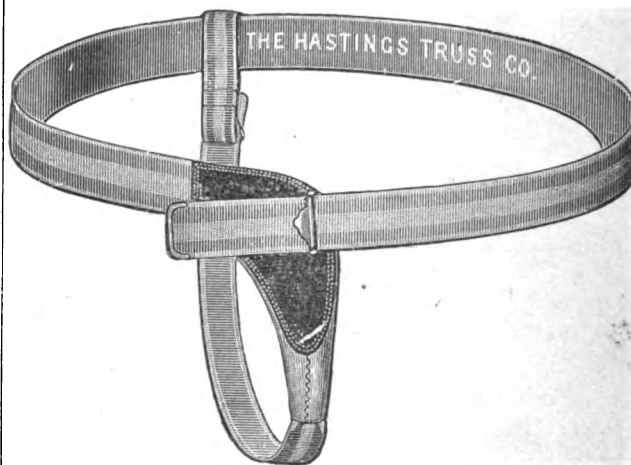

Illustration shows single elastic truss in position on right side of body, put on from the opposite or well side.

**New York Elastic, Single.**

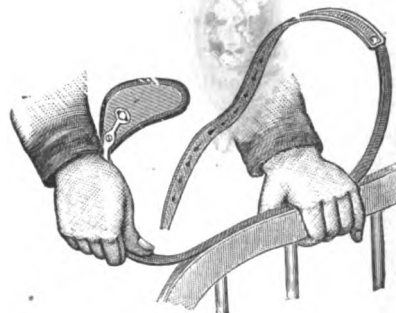

Adults, single, sizes 30 to 44, enameled pads..doz.	6.00
Water padsdoz.	9.00

Water padsdoz.	9.00

TRUSSES—SCROTAL.

Adults, single, sizes 30 to 44, kid pads.....doz. 12.00

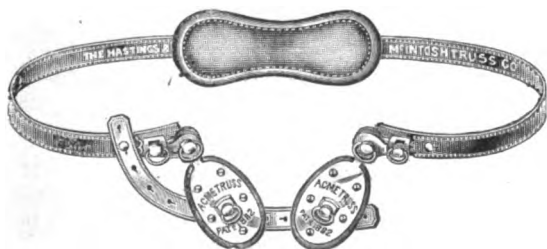

TRUSSES—STEEL SPRING, LEATHER COVERED.**Method of Shaping Leather Covered Trusses.**

Directions for fitting and shaping leather covered trusses: It is important that the spring should be properly fitted to shape of person, at all points, manipulating by using all fingers, the thumb doing the bending, while the fingers hold and brace the spring, and spread the strain, thus lessening the chances of breaking in shaping. Never give the spring a sharp bend or force the shape too rapidly, but bend slowly and carefully, as illustrated, as it is important to hold the strength required in spring as long as possible. If much shaping is required always select a stronger spring than needed for the case, as the spring will naturally become weaker, in shaping to the required shape.

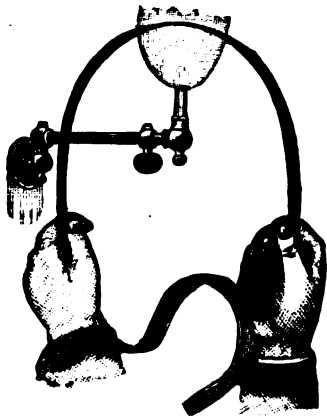

Druggists' Sundry Department.**TRUSSES—Cont'd.****Steel Spring Leather Covered—Cont'd.****Acme.**

Acme Truss. Patented, reversible, adjustable to any angle or flexion, heavy nickel plated mountings, fine sheep leather covers and polished cedar pads.

Adults, single, sizes 30 to 44, cedar pads.....doz.	15.00
Youths, single, sizes 21 to 29, cedar pads.....doz.	12.00
Childs, single, sizes 10 to 20, cedar pads.....doz.	9.00

**Acme Double.**

Adults, double, sizes 30 to 44, cedar pads.....doz.	30.00
Youths, double, sizes 21 to 29, cedar pads.....doz.	24.00
Childs, double, sizes 10 to 20, cedar pads.....doz.	18.00

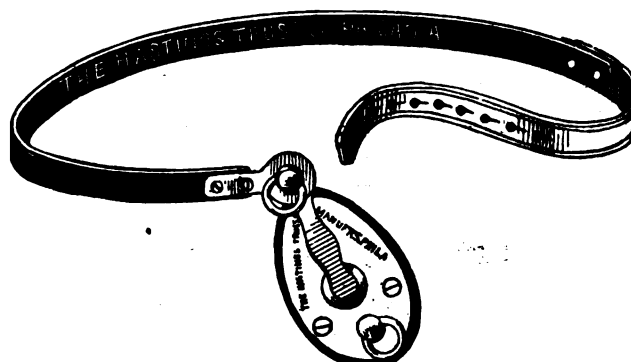

TRUSSES—HARD RUBBER.**Fig. 1.****TRUSSES—Cont'd.****Hard Rubber—Cont'd.**

Directions for shaping and fitting hard rubber trusses.

To increase power of spring, warm the spring by passing through a flame of (see fig. 1) gas, spirit lamp or hot water, thus heating spring from end to end, until warm to the hands, then gently coil the spring, making the coil smaller, thus making the pressure stronger.

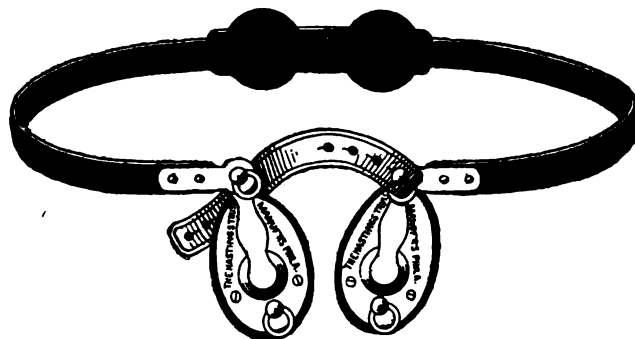

**Fig. 2.**

To weaken power of spring, warm the spring as directed under Figure 1, then uncoil gradually with hands, or bend over arm of chair (see illustration shaping leather covered trusses) holding until cool.

**Imperial.**

Imperial, or set screw, reversible, made with the latest improved clutch joint neck by which the pad is rigidly held in any adjusted position.

Adults, single, sizes 30 to 44, hard rubber pads.do.	12.00

ZOL IS A GOLD MINE

Zol in half-pint bottles is a gold mine for you.

Zol is a combined Cleaner and Polish for Pianos and all fine furniture, and has been sold for years at 50c. Made after Lyon & Healy's celebrated formula and used by them on Washburn Mandolins & Guitars.

ZOL Costs you but 16c a bottle. A good profit and a quick one, for every woman who tries it once will come again for more and will tell her friends about it. A general application with a soft cloth produces a rich, durable lustre. One bottle will clean and polish perfectly, 1 piano, 2 tables, 4 bureaus and 20 chairs. Plenty of circulars, posters and show cards free. Zol costs you \$2.00 for a dozen bottles. No price appears on bottles or carton. Order a dozen today - only \$2.00.

EGG-SEAL

Egg-seal is one of the greatest recent scientific discoveries. It will accomplish wonderful results. It will not accomplish impossibilities. It will not make a bad egg good. It will not make a poor egg better. It will do one thing, and one thing only—keep a good egg good. In using **Egg-seal**, care should be taken to select good eggs only, and to follow directions.

WHY AN EGG SPOILS.

The shell of a new-laid egg is rough, and contains an albuminous, mucilaginous substance which nature has provided to prevent the entrance of air, which it does for a short time only. In a little while the shell becomes smooth, the pores begin to open, air is allowed to enter decay begins and the egg spoils.

EGG-SEAL PREVENTS DECAY.

Egg-seal adds to the natural shell and coating, seals up the numerous pores in the original shell, keeps out the air and prevents decay for an indefinite time.

EGG-SEAL IS GUARANTEED.

We guarantee **Egg-seal** to keep good eggs good or we refund the money.

Nothing Succeeds Like Success

ROCKY MOUNTAIN TEA is about the only patent medicine that has not been "knocked" by the "knockers." It affords the druggist a larger percentage of profit than most any other standard proprietary medicine. It is one of the best advertised remedies on the market, If you will order a half gross of Rocky Mountain Tea from the Des Moines Drug Company, they will give you 5 and 1 per cent net ten days, and we will send you one-half dozen of Tea free, with samples. etc., and will guarantee the sale. This gives you 75 per cent net profit on Rocky Mountain Tea. Place your order with the Des Moines Drug Company. :: :: :: ::

Diamond Dyes Lactated Food Paine's Celery Compound Wills' English Pills

THESE MEAN PROTECTED PROFITS

For over twenty years we have been consistent friends of the retailers. Time has proved this, and a majority of the legitimate retailers have recognized it by signing our contracts. You recognize the list at the top of this advertisement. The goods are all standard. Our Direct Contracts, now in effect, simply mean the difference between big, steady, certain profits on our goods, and the big losses likely to occur if you do not protect yourself by contract. There is not a retailer in the United States to-day who does not realize the advantage of knowing that his competitors cannot undersell him and demoralize his trade.

Diamond Dyes are the standard household Dyes, and have a larger sale than the combined output of all its competitors, and are the only Dyes protected by the Direct Contract plan.

Lactated Food is the only food on the price protected basis and on the \$2.00, \$4.00 and \$8.00 basis. This means that the retailer can obtain a much larger profit on Lactated Food than upon any other food. No druggist need be afraid of what he is recommending when he talks Lactated Food. Time has tested and proved the genuine merit of Lactated Food.

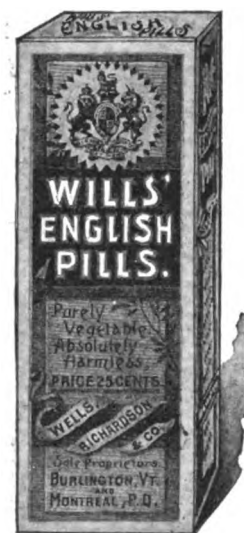

The retailer who has our contracts can make **30 cents net per bottle** on Paine's Celery Compound, in the cut-price demoralized districts. In the full price territories, where our contracts protect retailers from any invasion on their prices, **40 cents net per bottle** is the profit. We adopted the Direct Contract Plan of price protection purely for the benefit of the retailers. It does not make it any easier for us to sell our goods. We still have to make the demand, just as we have always done.

Select an assortment of Diamond Dyes, Lactated Food, Paine's Celery Compound, Wills' English Pills, etc., and make great big protected profits.

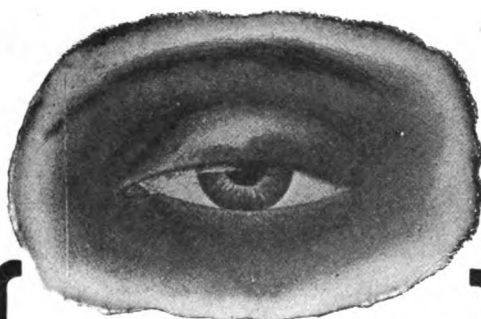

10% Off, \$72 Assortment

On the Following Preparations:

DIAMOND DYES LACTATED FOOD

WRIGHT'S Indian Vegetable PILLS

ALL "WRIGHT" FOR MORE THAN HALF A CENTURY

A strictly vegetable purgative excelling in efficacy any medicine ever before offered to the public. These singular pills are a combination of certain roots and herbs, the properties of one being a Sudorific, another a Diuretic, the third is an Expectorant, and the fourth a Cathartic, consequently by a single operation, the Lungs, Skin, Kidneys and Bowels, the natural drains, are opened and disease of every name is literally driven from the body.

QUINCY MADE.

After all, Mr. Merchant, the show case and store fixture proposition figures down to a merchandise basis--the best goods for the least money.

This is an argument that you as a merchant understand and will appreciate.

We carry everything in the line of up to date show cases and store fixtures. All our own designs are constructed with a view to **PRACTICALITY** and **SALES ASSISTANCE VALUE.**

We show herewith OUR QUINCY SPECIAL, the floor case without an equal, furnished in Quarter Sawed Oak at Plain Oak Prices.

We are particularly strong in our department of store arrangement and will gladly put you in touch with leading merchants whose stores we have fitted out from **CELLAR** to **SKYLIGHT** and who are enthusiastic over our treatment of their customers.

WE MAKE THESE CLAIMS AND SUBSTANTIATE THEM

We offer more value in our specialty cases than any manufacturer now operating.

We give more attention to expert store fitting than any other (so-called) show case concern.

We couldn't afford to make these claims unless we could back them up.

We can back them up, and solicit the opportunity to do so to your satisfaction.

Write for our store fixture catalogue No. 110, the finest and most complete book of its kind ever published, size 9 inches by 12 inches, 144 pages, and over 200 illustrations.

An Important Announcement Concerning **LIQUID VENEER**

LIQUID VENEER is now put up in 25 cent, as well as 50 cent bottles. The 25 cent bottles contain 4 ounces and are handsomely cartoned in the same style as the original 50 cent packages. The 50 cent bottles now contain 12 ounces, where formerly they held but 8 ounces. They are also handsomely cartoned.

The price of the 25 cent bottles is \$2.25 per dozen, no premium, and the price of the 50 cent bottles remains at \$4.00 a doz., and the dealer has a choice of a variety of premiums. LIQUID VENEER is largely advertised in an extensive list of the prominent magazines and with these new packages, for which the public has been practically clamoring, the demand is sure to be unprecedented. The manufacturers heartily co-operate with local dealers in furnishing material for advertising and you should place your order right away.

Newest, Best and Only Positively Fireproof Hotel in Iowa
The CHAMBERLAIN TWO STRICTLY FIRST-CLASS CAFES.
 EUROPEAN PLAN EXCLUSIVELY. RATES
 \$1.50 to \$3.50 PER DAY.

W. L. BROWN, Prop. DES MOINES, IOWA

The CHAMBERLAIN

Is Most Centrally and desirably located at the corner of Seventh and Locust Street.

It is a New, Thoroughly Up-to-Date, seven story hotel entirely fire proof and equipped with every convenience

It is Handsomely Furnished throughout and so arranged as to afford its patrons the utmost comfort possible.

There are 150 Sleeping Rooms, single and en suite, more than half of them having private bath rooms in connection. Every sleeping room is supplied with a solid porcelain lavatory, with hot and cold water; also with a local and long distance telephone.

The Two Cafes are Unsurpassed in beauty of decoration, and the service, both a la carte and table d'hote, is in entire harmony with the elegant surroundings. The cuisine is of the highest class and is offered at reasonable prices, it being possible to obtain first-class meals at prices ranging from 25 cents to 75 cents.

The Chamberlain has its own Electric Light plant, Ice and Refrigerating plant, Laundry and two Otis Electric Elevators.

The Chamberlain is operated exclusively on the European plan, under the personal supervision of the proprietor, Mr. W. L. Brown.

Vincente Portuondo Cigars

The Old Original "Portuondo Cigars"

This brand of cigars has been on the market and enjoyed a very large sale for the last thirty years. It is, in fact, a 10c smoke for a nickel. Just the kind of a smoke that first-class smokers go to druggists to buy. If you have not stocked them, you can improve your present cigar business by adding the brand to your stock.

PORTUONDO CIGARS ARE KNOWN BY ALL GOOD SMOKERS

Just at present we have a very attractive proposition to offer to good reliable retail druggists. If interested write our distributors, Des Moines Drug Company, Des Moines, Iowa, who carry a large stock of Cigars. It will pay you to take the subject up with them at once.
